

INTERNATIONAL GENERIC AND  
BIOSIMILAR MEDICINES ASSOCIATION

B E C O M E A N  
I G B A M E M B E R

A B O U T

U S

IGBA strengthens cooperation between associations representing manufacturers of generic and biosimilar medicines from around the world and proactively promote global policies that improve worldwide patients' access to quality-assured, safe and cost-effective medicines.

Central to this, IGBA advocates for health policies that embrace a balance between competition that is critical to ensuring accessible and affordable medicines and innovation that guarantees the development of new medicines to treat critical diseases

# REASONS TO BECOME AN IGBA member

## CONNECT GLOBALLY

Through our monthly Management Committee meetings and participation at our Standing Committees:

- › Expand your network and share your expertise regarding your national or regional market
- › Meet and engage with peer associations from around the world
- › Connect directly with IGBA stakeholders and UN agencies
- › Help to:
  - shape pro-competition and pro-patient policies at national, regional and global level
  - advance any issues that the generic and biosimilar medicines market is facing
  - ensure that generic, biosimilar and value-added medicines are recognized for the value that they bring to global healthcare systems and the contribution they make to global health outcomes.

## INCREASE YOUR IMPACT

- Increase the visibility of your association and your voice at regional and global level
- Strengthen the global voice of the generic and biosimilar medicines industry
- Support knowledge sharing internationally
- Become a stronger association for the generic and biosimilar medicines industry
